I recently read an article by Cliff High about the [2012 pole shift](#) and found it to be very informative and intriguing. I would like to state that the Bible records at least one pole shift in the past and that such an event is not necessarily cataclysmic. I can also tell you from scripture that there will be at least 1 and possibly 2 pole shifts in the near future and what they will entail and when they may occur.

I believe there is a clear indication of the occurrence of a pole shift when Jesus was crucified. This event is recorded in the Gospels.

And it was about the sixth hour, and there was a darkness over all the earth until the ninth hour. ⁴⁵ And the sun was darkened, and the veil of the temple was rent in the midst. ⁴⁶ And when Jesus had cried with a loud voice, he said, Father, into thy hands I commend my spirit: and having said thus, he gave up the ghost. ⁴⁷ Now when the centurion saw what was done, he glorified God, saying, Certainly this was a righteous man. (Luke 23:44-47)

What happened here was that while Jesus was on the cross it became dark from noon to 3:00. There is much historical evidence to suggest that this was the result of a pole shift which caused the sun to set at noon. And then at 3:00 the sun came up again. There is also evidence that a world wide earthquake occurred at this time with heaving seas, again indicative of a pole shift. We also know from history that this was not a severe cataclysmic event. See the article entitled [The Catastrophe at the Crucifixion AD 33.](#)

As for the future and a 2012 pole shift; I believe that scripture indicates that during the end times there will be at least one and possibly two pole shifts. The first will be at an event known as the rapture, when the Lord Jesus returns to earth to rescue Christians from the persecution of the antichrist. This is clearly recorded in Revelation 6.

And I beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became as blood; ¹³And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind. ¹⁴And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places. ¹⁵And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains; ¹⁶And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: ¹⁷For the great day of his wrath is come; and who shall be able to stand? (Rev 6:12-17)

I believe that the physical event that is being described here fits the description of what many conjecture will occur at a pole shift. And this seems to be a pretty severe one for it says that every mountain and island will be moved out of their places. An earthquake of this magnitude is sure to do large scale damage. I believe that this event will also [most likely occur between 2013 and 2015, for that is when the rapture will most likely take place.](#)

The next pole shift is likely to occur at the return of the Lord Jesus Christ to the earth at the battle of Armageddon as described in this passage.

And the seventh angel poured out his vial into the air; and there came a great voice out of the temple of heaven, from the throne, saying, It is done. ¹⁸And there were voices, and thunders, and lightnings; and there was a great earthquake, such as was not since men were upon the earth, so mighty an earthquake, and so great. ¹⁹And the great city was divided into three parts, and the cities of the nations fell: and great Babylon came in remembrance before God, to give unto her the cup of the wine of the fierceness of his wrath. ²⁰And every island fled away, and the mountains were not found. ²¹And there fell upon men a great hail out of heaven, every stone about the weight of a talent: and men blasphemed God because of the plague of the hail; for the plague thereof was exceeding great. (Rev 16:17-21)

This event describes, among other things a horrific worldwide earthquake that levels all the mountains of the world and destroys all the islands. This event is also preceded by horrific changes in the sun. That is the bad news; the good news is that one can escape both of these events by [being part of the rapture](#).
